Debbie Britt
WV Rural Water Association
100 Young Street
Scott Depot, WV 25560

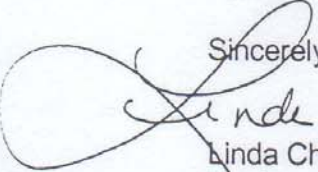

Dear Ms. Britt,

On behalf of Clay Battelle PSD, I wanted to thank you for the services of Matt Lamp. Matt has visited our district multiple times over the last few months. He has been valuable in finding a couple of leaks and most recently in determining our flow rate for fire hydrants.

I have also discussed with Matt about coming back in the near future to have a meeting with our service department and board of directors involving specific measures for reducing water loss. Our entire service department (2 men) is relatively new and so are two of our board members.

Again, thank your for your service.

Sincerely,

Linda Chisler
Business Manager
