Dear Miss Debbie Britt:

The Evans PSD Board Members and General Manager would like to thank the West Virginia Rural Water Association and Mr. Will Miller for the information and disc on Water and Wastewater System Security. Mr. Miller was a big help and took the time to go over everything that our system needed even though we are a small system. Mr. Miller treated us as if we were a very big system and we appreciate the consideration he gave.

Once again thank you.

Sincerely yours,

Greg Bower, General Manager
Evans PSD
