**Ms. Britt;**

On behalf of the mayor and Council Members of Piedmont and the town employees, I want to extend our thanks for the assistance provided by Mr. David Swayne.

Mr. Swayne was able to locate the water line in the Route 135 area where we are working. Others have tried to locate the line but failed. His expertise saved us days on end of digging to locate the pipe.

Your agency assists this town in so many ways; saving us time and money and providing assistance such as that of Mr. Swayne.

Thank you again for your help and please relay our appreciation to Mr. Swayne.

Sincerely,

John Shingler, Town Foreman
