West Virginia Rural Water Association

Attention: Ms. Debbie Britt

100 Young Street

Scott Depot, West Virginia 25560

Dear Ms. Britt:

This letter expresses our sincere appreciation and gratitude for your association providing the use of a sewer camera and representative, Jeff Martin, to operate the camera.

The City has experienced difficulty with the sewer lines on Maple Street for several months. With the city's limited resources and equipment, we were unable to locate the source. However, Jeff using the sewer camera identified the sewer lines in this area creating the obstruction. As a result of his time and effort, the line will be replaced in March 2007, eliminating our reoccurring problem.

We are most grateful the West Virginia Rural Water Association and your representative, Jeff Martin, solved our dilemma. Please extend our thanks to Jeff for his expertise and to your organization for providing this service. We are a small city and without your association providing access to these facilities, it would almost be impossible, otherwise.

Sincerely,

CITY OF ST. MARYS
